- **Model:** 3318Z1 Deck / Dash Charger Base
- **Compatibility**: Peli Torch 3315RZ1 (Zone 1 LED)
- **SKU Number :** 03315R-3051-000E
- **GTIN / EAN :** 0019428134723
- **Power supply:** adapter / mains cable not included (sold separately)
- **Mounting type:** deck / dash (stationary, vehicle)
- **Use:** secure recharging of 3315RZ1 torch in professional environments

Benefits

- Official Peli charging station, ensuring compatibility and reliability
- Adaptable mounting (fixed or on-board) for installation flexibility
- Keeps your torch operational at all times
- Robust, designed for demanding environments (industrial, security)

Recommended use

- Recharging your Peli 3315RZ1 ATEX torch at a fixed location (workshop, office, maintenance center)
- On-board installation (vehicle, dashboard, console) for field operations
- Use in security, industry, civil protection or intervention sectors

Compatible models

Compatible only with the **Peli 3315RZ1** ATEX torch (Zone 1, rechargeable LED) - do not use with other non-compatible models.

FAQ / Frequently asked questions

Is the power cord included?

No, the adapter / power cord is not included, it must be ordered separately.

Can I charge another Peli torch via this base?

No, this base is specifically designed for the 3315RZ1 and is not guaranteed to work with other models.

Where can it be installed (stationary or vehicle)?

It can be installed in deck or dash configuration, depending on your requirements.
