Benefits

- Effectively protects torch against impact, dirt and external elements
- Lightweight, discreet holster, easy to wear on belt
- Secure snap closure to prevent slipping while on the move
- Robust construction for everyday professional use

Recommended use

- Secure transport of the Peli 7610 torch during field operations
- Wear on belt for security personnel, military, emergency services
- Patrol, inspection, maintenance and industrial use

Compatible model

Specifically designed for use with the Peli 7610 torch, we recommend checking the dimensions if you intend to use it with other torch models.

FAQ / Frequently asked questions

Does the Peli 7616 holster fit other Peli torches?
No, it's optimized for the Peli 7610. Other models may not fit properly.
Is the snap flap secure?
Yes, the snap closure keeps the holster securely closed even on the move, while providing quick access.
What belt width is accepted?
The loop is designed for standard belts up to approx. 57 mm (2.25").
