Waterproof carrying case Peli 1510M

A waterproof case on wheels designed to protect sensitive equipment

The **Peli 1510M** is a specific configuration of the 1510 range, developed to offer a robust, mobile and perfectly secure transport solution. Also sought-after as a **wheeled waterproof case**, **professional shockproof case** or **secure transport box**, it combines strength, waterproofing and practicality.

Its **IP57** certification guarantees protection against dust as well as against temporary immersion in water in accordance with the conditions stipulated by this index. Its rigid shell absorbs shocks and protects equipment during transport and storage.

Specific interior layout

The special feature of the **Peli 1510M** is its dedicated interior layout. This configuration makes it possible to organize and maintain transported equipment efficiently, while retaining the recognized protective performance of the Peli range.

This version is ideal for users looking for a ready-to-use solution with a specific interior layout.

Mobility designed for frequent travel

Thanks to its **sturdy castors** and **retractable telescopic handle**, the Peli 1510M is easy to move, even when loaded. Its compact size facilitates regular transport, on-site missions and professional travel.

The **automatic pressure equalization valve** makes it easier to open after a change in altitude or temperature.

Peli 1510M benefits

- **Specific interior layout**
- **IP57 certification** against water splashes and dust
- **Reinforced shock protection**
- **Sturdy wheels** for easy transport

- **Retractable telescopic handle**
- **Automatic pressure-balancing valve**
- **Padlockable hasps**
- **Peli limited lifetime warranty**

A robust solution for professionals

The **Peli 1510M** is a reliable solution for transporting sensitive equipment in demanding conditions. It combines enhanced protection, mobility and organization in a compact, durable format.
