Advantages of a 8052 Green traffic cone/signalizer for Peli™ 8050 gendarmerie torch

- **Increased visibility**: Allows you to effectively signal a presence or specific area in the dark.
- **Resistance and durability**: High-quality material, designed for intensive use.

- **Versatility**: Adapted to a variety of professional and security contexts.
- **Ease of use**: Quick to install, no tools required.

Use

The green Peli™ traffic cone is ideal for a variety of applications, such as:

- **Emergency response**: Marking and signalling during rescue operations.
- **Industrial safety**: Marking danger zones to prevent accidents.
- **Road control**: Visual signage for traffic management.
- **Night work**: Improving visibility for optimum safety.

The green Peli™ traffic cone/signal is an essential accessory for ensuring visibility and safety in many professional situations. Compatible with Peli™ 8060 and 2010Z0 torches, it offers an effective and durable solution for all signage needs.
