Double-acting pump for vacuum mattresses

The **double-acting mattress pump** is the ideal accessory for easy inflation and deflation of mattresses or vacuum splints. Designed to deliver high power thanks to its direct double-acting system, it ensures fast, efficient inflation while remaining very easy to use. This versatile model comes with a **hose** and an **assortment of nozzles**, enabling you to use it on different types of mattresses and other inflatable accessories. Its robust, compact design makes it a perfect choice for travel, camping or home use.

Features :

- **Pump type**: Double-acting pump for fast, efficient inflation and deflation.
- **Power**: High power for fast inflation of your mattresses or vacuum splints and other inflatable objects.
- **Accessories included**
  - Hose adaptable to different types of valves.
  - Assortment of nozzles for universal compatibility.
- **Dimensions**: Compact and lightweight, easy to carry.
- **Material**: Designed with durable materials for long-term use.
- **Operation**: Hand pump with double-acting system for maximum efficiency with every movement.

Advantages :

- **Speed and efficiency**: Thanks to its double-acting system, this pump inflates your mattresses or other objects in record time. Air is expelled with every movement, whether inflating or deflating.
- **Versatility**: The assortment of nozzles included enables the pump to be adapted to different types of valve, offering great flexibility of use.
- **Ease of use**: The double-acting manual system is intuitive and requires no external power source. This makes it perfect for locations without electricity or for emergency situations.
- **Portability**: Its compact size and light weight make it easy to carry, ideal for travel or outdoor activities.

The **double-acting mattress pump** is a powerful and practical solution for all your inflation needs. Its compact design, high power and intuitive operation make it an essential piece of first-aid equipment. Thanks to its included accessories, it adapts to a variety of valves, offering great flexibility of use. Treat yourself to fast, effortless inflation with this double-acting pump, a reliable and indispensable product for use with mattresses or vacuum

splints.
