XPR-5554G ATEX Z0 rechargeable headlamp

Magmate™ Dual-Light rechargeable ATEX Zone 0 headlamp

The **Magmate™ Dual-Light rechargeable headlamp** is the perfect solution for professionals working in hazardous environments. Designed to offer optimum brightness and durability, it is cULus, ATEX Zone 0, INMETRO, KOSHA and IECEx certified, guaranteeing intrinsic safety in hazardous areas.

Featuring a **rechargeable Li-Polymer battery** and USB MagMate™ magnetic charging system, this lamp ensures extended runtime and convenient recharging. Its **dual switch** lets you toggle between a high- or low-intensity spotlight and wide illumination for precision work. **Dual-Light™** technology activates both lights simultaneously for maximum visibility.

Features:

- **3 light outputs:** 70 / 130 / 160 lumens
- **LED technology** for optimum efficiency
- **Lighting modes:** high/low intensity spotlight, high/low intensity wide light, and Dual-Light™ mode
- **Materials:** impact- and chemical-resistant, reinforced polymer housing
- **Resistance:** IP67-certified waterproofing (protected against dust and temporary immersion in water)
- **Attachment:** rubber strap for hard hat, non-slip elastic headband, glue-on bracket for hard hat
- **Tilting head** to adjust light angle
- **Charging system:** magnetic USB with 1.2 m cable included
- **Battery:** rechargeable Li-Polymer
- **IP67 RATING**
- **Weight: 85 g**

Advantages of the Magmate™ Dual-Light rechargeable ATEX Zone 0 headlamp

- **Maximum safety:** certified for hazardous environments
- **Long runtime:** rechargeable battery for extended use
- **Versatile use:** ideal for construction, industrial and emergency response professionals
- **Optimum comfort:** non-slip elastic headband and helmet attachment
- **Ease of use:** accessible switches and tilting head

The **Magmate™ Dual-Light** headlamp is ideal for professionals working in high-risk areas, such as construction sites, the oil and chemical industries, and emergency response. Its **Dual-Light™** mode ensures lighting suited to precision tasks and long-range needs, guaranteeing optimum safety.

With its rugged design, safety certifications and high performance, the **Magmate™ Dual-Light rechargeable headlamp** is an indispensable tool for demanding professionals. Its magnetic charging system and multiple lighting modes make it a reliable and effective piece of equipment in all conditions.
