

## ATEX Z0 160 lumen rechargeable headlamp

### Magmate™ Dual-Light rechargeable headlamp

The **Magmate™ Dual-Light rechargeable headlamp** is the perfect solution for professionals working in hazardous environments. Designed to offer optimum brightness and durability, it is cULus, ATEX, INMETRO, KOSHA and IECEx Zone 0 certified, guaranteeing intrinsic safety in hazardous areas.

Featuring a **rechargeable Li-Polymer battery** and USB MagMate™ magnetic charging system, this lamp ensures extended runtime and convenient recharging. Its **dual switch** lets you toggle between a high- or low-intensity spotlight and wide illumination for precision work. **Dual-Light™** technology activates both lights simultaneously for maximum visibility.

### Features:

- **Light output:** 160 lumens
- **LED technology** for optimum efficiency
- **Lighting modes:** high/low intensity spotlight, high/low intensity wide light, and Dual-Light™ mode
- **Materials:** impact- and chemical-resistant reinforced polymer housing
- **Resistance:** IP67-certified waterproofing (protected against dust and temporary immersion in water)
- **Fastening:** rubber strap for hard hat and non-slip elastic headband
- **Tilting head** to adjust lighting angle
- **Charging system:** magnetic USB with 1.2 m cable included
- **Battery:** rechargeable Li-Polymer
- **Warranty:** limited lifetime

### Advantages of the Magmate™ Dual-Light rechargeable headlamp

- **Maximum safety:** certified for hazardous environments
- **Long runtime:** rechargeable battery for extended use
- **Versatile use:** ideal for construction, industrial and emergency response professionals
- **Optimum comfort:** non-slip elastic headband and helmet attachment
- **Ease of use:** accessible switches and tiltable head

- Use:

The **Magmate™ Dual-Light** headlamp is ideal for professionals working in high-risk areas, such as construction sites, the oil and chemical industries, and emergency response. Its **Dual-Light™** mode ensures lighting suited to precision tasks and long-range needs, guaranteeing optimum safety.

With its rugged design, safety certifications and high performance, the **Magmate™ Dual-Light rechargeable headlamp** is an indispensable tool for demanding professionals. Its magnetic charging system and multiple lighting modes make it reliable and effective in all conditions.

Don't let darkness slow down your work any longer: opt for the Magmate™ Dual-Light!

Protection: ANSI IP67 - Weight: 85g
