

PowerCase E2 - 2 kWh nomad battery

PowerCase E2 - Powerful 2 kWh nomad battery portable

The **PowerCase E2** is a **high-capacity 2 kWh nomad battery** designed to power your most demanding equipment, whether on construction sites or in the wilderness. Compact, rugged and waterproof (IP54), it offers a **power output of up to 3 kW** and is perfectly suited to professional or outdoor use.

Whether you're a craftsman, camper or energy-hungry user, the PowerCase E2 is the ideal solution for **reliable, mobile autonomy**.

Technical specifications

- **Rated capacity:** 2 kWh
- **Continuous output power:** 3,000 W
- **Max. discharge power (peak):** 3,000 W
- **Rated voltage:** 220 V
- **Dimensions:** 455 x 268 x 282 mm
- **Weight:** 19.8 kg
- **Protection rating:** IP54 (dust and splash-proof)

Advantages :

High autonomy: up to 6.5 h for a 300 W sander, 5 h for a 400 W LED balloon, 1 h for a 1.5 kW grinder, or 15 min for a 3 kW welding unit.

High power: ideal for powering energy-hungry electric tools.

IP54 waterproofing: resistant to humidity and dust, perfect for outdoor use.

Compact, mobile format: easily transportable for on-the-go use.

Optimized safety: integrated temperature and SOH (State of Health) control for safe use.

Applications :

Construction professionals: grinders, saws, sanders, powerful LED lighting.

Outdoor activities: camping, fishing, bivouac with power supply for electronic equipment.

Electrical backup: temporary power supply for essential devices in the event of a power cut.

Outdoor filming: power supply for lights, cameras, drones, etc.

The **PowerCase E2** is much more than just a battery portable: it's a **mobile powerhouse**. It meets the needs of professionals and private individuals looking for **autonomy, power and reliability**.

Adopt the PowerCase E2 and never run out of energy again, wherever you are.
