

Waterproof case Peli™ 1520

The **Peli 1520EU Protector Case**, distributed by **MMF Protection et Sécurité** is a rigid protective case designed for professionals who need **maximum protection for their sensitive equipment**.

Made from high-performance copolymer, this case is **waterproof and dustproof (IP67 certified)**, and **resistant to shocks, chemicals** and extreme conditions. It features a **neoprene gasket** and an **automatic pressure equalization valve**, ensuring reliable use even during air transport or in harsh environments.

With its **customizable Pick 'n' Pluck™ foam**, the Peli 1520EU ensures perfect support for cameras, drones, electronic or medical equipment. Its useful 24-liter capacity allows you to carry equipment safely, while remaining compact and easy to handle.

Designed to military standards MIL-C-4150J and Def Stan 81-41, this professional case offers **proven durability**. Its ergonomic handle, double-action latches and padlock attachment points enhance its practicality and security.

Technical specifications

Interior dimensions: 44.9 × 31.8 × 17.1 cm
Exterior dimensions: 49.9 × 39.3 × 19.1 cm
Lid/base depth: 4.5 cm / 12.5 cm
Useful volume: 24 L
Weight: 3.8 kg (empty) / 4.2 kg (with foam)
Material: lightweight structural copolymer
Water resistance: IP67 - immersion 1 m / 30 minutes
Equipment: Pick 'n' Pluck™ foam included
Closure: double-action latches
Security: reinforced padlock points, stainless steel screws
Origin: European manufacture
Warranty: lifetime manufacturer's warranty

Areas of use

Perfect for **technicians, law enforcement officers, firefighters, military personnel, videographers, photographers, drone operators and specialized transporters**, this case guarantees optimum protection for equipment on the move or in extreme conditions.
