

IM-LIDSTAY compass hinge kit for Peli™ Storm case

iM-LIDSTAY - Compass lid hinge kit for Peli Storm cases

The **iM-LIDSTAY** is an accessory designed to hold the lid of your [Peli](#) Storm case in the open position. It gives you easy access to your equipment without fear of unintentional closure, providing added security and comfort for professional use.

Practical, reassuring and secure access

Thanks to its robust design, the **iM-LIDSTAY lid compass** ensures effective lid stability during inspection or handling of your equipment, preventing unwanted closure.

Product compatibility

The iM-LIDSTAY is compatible with the following ****Storm**** series cases:

- iM2050, iM2075
- iM2100, iM2200, iM2275
- iM2300, iM2306
- iM2400, iM2450
- iM2500, iM2600, iM2620
- iM2700, iM2720, iM2750
- iM2875, iM2950, iM2975
- iM3075, iM3100, iM3200, iM3220, iM3300, iM3410

Key benefits

- **Secure access to contents:** prevents accidental lid closure
- **Quick installation:** easy to fit without modification
- **Robust and reliable:** designed for demanding professional environments

Why choose it?

The **IM-LIDSTAY compass** is an indispensable ally for professionals (technicians, photographers, travelers...) who need secure, stable access to the inside of a Peli Storm case. It enhances safety and comfort of use without compromising the case's protection.
