

2664 Peli™ halogen bulb for 2660 headlamp

2664 Peli™ halogen bulb for 2660 headlamp

Description

Specially designed for the **Peli™ HeadsUp Lite™ 2660 headlamp**, the replacement halogen bulb (part number 2664) guarantees powerful, even and reliable illumination. It extends the life of your lamp while maintaining its original performance.

Features

- Compatibility: only with Peli™ HeadsUp Lite™ 2660 lamp
- Type: high-quality halogen bulb
- Quick, intuitive installation
- Power supply: runs on 4 D-cell batteries (not included)
- Manufacture: Made in USA

Benefits

- **Constant lighting** with a round, even beam
- **Easy replacement** without special tools
- **Genuine Peli™ quality**, a guarantee of reliability and robustness
- **Durability** thanks to heavy-duty design

Use

1. Unscrew optics ring.
2. Remove reflector and spring assembly.
3. Remove the old bulb.

4. Using a soft cloth, gently insert the new bulb into the pins provided, without touching the glass directly.
5. Replace reflector and screw optics cover back on.
6. Switch on the lamp and turn the optics ring to obtain an even beam.

Caution: touching the bulb directly with your fingers may cause premature wear. Dispose of the used bulb in a special waste container.

Conclusion

The **Peli™ HeadsUp Lite™ 2660 replacement halogen bulb** (ref. 2664) is essential for maintaining the power and reliability of your headlamp. Simple to install and built to last, it ensures efficient lighting, ideal for professionals and outdoor enthusiasts alike.
