1520PF Turntable Mount for Peli™ 1520 Waterproof Carrying Case

Peli 1520PF Accessory - Peli™ 1520EU Protector Case Turntable Holder

Integrate your components without compromising watertightness

Thanks to its **high-performance polymer O-ring**, the frame provides total protection against water, dust and impact, even when the lid is open. Ideal for integrating control panels, displays or connectors into a waterproof carrying case.

Product compatibility

This frame is **specially designed for the Peli 1520EU Protector Case**. It is installed in the base of the case and allows a clean, flush panel mounting, without modifying the case.

1520PF kit contents

- 1 sturdy mounting frame
- 1 O-ring seal
- 16 mounting inserts
- 4 self-drilling screws

Key features

- **Fast**, tool-free**assembly**
