

8060F charger base for Peli™ M11 torch

Peli™ 8060F charger base for 8060 torch

Description

The [Peli™ 8060F charger base](#) provides efficient charging of the **Peli™ 8060 torch**. It is designed for use as a fixed installation on a worktop or dashboard. The power cord is not included.

Technical specifications

- **Compatibility:** Peli™ 8060 torch
- **Manufacturer's code:** 8060-305-000E
- **Customs code :** 8513900000
- **EAN :** 19428085391
- **Type:** Charging base
- **Accessories :** Power cord not included
- **Product reference :** PELI8060F

Recommended uses

- Stationary charging of the Peli™ 8060 torch
- On-board or stationary installation
- Use in professional environments (security, industry, intervention)

Benefits

- Direct compatibility with the 8060 torch to ensure simple, safe reloading
- Versatile installation possible (table, dashboard, console) thanks to deck/dash format
- Robust design for professional use
- Standardized part number for easy ordering and replacement

Notes

The power cord is not supplied with the base.

It is essential to ensure that the base is securely fastened before positioning the torch, to prevent it from touching or falling.
