- Peli lifetime warranty - a guarantee of reliability and durability

Recommended use

- Tactical lighting for law enforcement, military, private security
- Industrial response, rescue, inspectors, patrols
- General or emergency use: EDC (Every Day Carry) for professionals
- Can be used in wet environments, on site or outdoors under difficult conditions

Compatible models / Notes

This torch requires no special accessories to operate: it comes with an AA battery. No additional modules required. It is designed to be self-contained and universal in its compact torch category.

FAQ / Frequently asked questions

Can I select strobe mode directly?

Yes, pressing the button twice activates the strobe mode.

Is the torch waterproof?

Yes, it is certified IPX7 (temporary immersion possible).

Can it be operated with rechargeable batteries?

Yes, as long as the format is a standard AA, it will work (with potentially slight variation in performance).
