

Low-cost reel for 50 or 60 m 6 mm guide line with fluorescent beads

Full description of the fluorescent guide line reel

A robust reel designed for demanding environments

Made from **reinforced plastic** with an **aluminum frame**, this reel offers excellent resistance to wear, impact and harsh operating conditions. Its rigid metal handle ensures easy handling and great stability, essential for operations in complex environments.

50 m or 60 m guide line with fluorescent beads

The reel can accommodate a [50 or 60-meter guide line](#). Integrated **fluorescent beads** guarantee immediate location even in dark or smoke-filled areas, improving safety and speed of movement.

Ergonomic reel with handle and snap hook

Thanks to its **ergonomic handle**, winding and unwinding the line is quick and effortless. The line is fitted with a **metal snap hook** for immediate attachment to an anchor point, ensuring secure installation.

2.6-litre internal volume

The reel has an **internal volume of 2.6 liters**, ideal for storing the guide line and accessories. This compact size makes it easy to transport, store and use in emergency situations.
