Flashlight PELI™ VERSABRITE III™ 2220Z1 ATEX ZONE 1

VB3™ 2220Z1 Peli™ torch - Safety and performance!

The VB3™ 2220Z1 Peli™ torch is an essential tool for professionals operating in high-risk explosion environments. **Atex Zone 1 (Category 2) certified**, this torch is specifically designed to guarantee optimum safety in explosive atmospheres, such as those encountered in chemical, pharmaceutical, electrical, oil and gas complexes, as well as during fire rescue operations.

Equipped with two powerful LEDs, the VB3™ 2220Z1 offers outstanding proximity lighting, with an impressive runtime of over 34 hours. This ensures that you'll always have the light you need to get the job done, even in the toughest conditions.

The torch's ergonomic design includes a convenient clip for hands-free use. This gives you unrivalled freedom of movement, essential for working safely while keeping both hands available.

VB3™ 2220Z1 Peli™ torch features:

- **Power**: Operates on 2 CR2032 lithium batteries, providing over 34 hours of runtime.
- **Dimensions**: Compact and lightweight, measuring 8.9 cm for 28 grams (batteries included).
- **Illumination**: 2 white LEDs provide a 12-meter range with 9 lumens of power.
- **Orientation**: 180° swivel head to adjust light direction.

Advantages of the VB3™ 2220Z1 Peli™ torch:

The VB3™ 2220Z1 **Peli™** torch is an essential tool for professionals who need reliable, practical lighting in demanding work environments. Featuring an integrated hanging clip, it can easily be attached to work clothing, allowing hands-free use. This feature is particularly appreciated in sectors such as construction or mechanical engineering, where freedom of movement is crucial.

Its fastening capacity is impressive, adapting to surfaces up to 1.3 cm thick, giving it versatility of use. Whether

attached to a safety vest, the torch remains accessible and ready for use. What's more, its IPX4 protection rating ensures that it resists water splashes, making it safe to use even in the rain or damp environments.

Designed by **Peli™**, the VB3™ 2220Z1 is also robust and durable. It resists shocks and wear, ensuring appreciable longevity. Its ergonomic design makes it easy to use, allowing quick access to lighting when needed.

- **Convenient attachment**: Integrated clip for attachment to work clothes, suitable for surfaces up to 1.3 cm thick.
- **Water resistance**: IPX4 protection rating, guaranteeing good splash resistance.
