Waterproof carrying case Peli 1510LFC

A waterproof case designed to keep your equipment perfectly organized

The **Peli 1510LFC** combines the robustness of a professional protective **case** with a particularly practical storage system. Its **lid-integrated organizer panel** makes it easy to organize cables, chargers, documents, pens, external disks and other daily essentials.

This configuration is ideal for professionals who need quick access to their equipment, while keeping the main space fully available for a computer portable, electronic devices or sensitive equipment.

Reliable protection against water, dust and shock

Certified **IP67**, this **waterproof case on wheels** effectively protects its contents against dust, water splashes and temporary immersion. Its rigid shell absorbs impacts and offers excellent resistance to frequent transport.

The **automatic pressure-balancing valve** makes it easy to open after changes in altitude or temperature, especially when traveling by plane.

A mobile format for business travel

Thanks to its **sturdy wheels** and **retractable telescopic handle**, the Peli 1510LFC is easy to transport, even when loaded. Its compact size makes it a particularly popular solution for consultants, technicians, engineers, experts and salespeople.

Benefits of the Peli 1510LFC

- **Integrated organizer panel** with multiple compartments
- **IP67 certification** against water and dust
- **Reinforced shock protection**
- **Sturdy wheels** for easy transport
- **Retractable telescopic handle**
- **Automatic pressure-balancing valve**

An ideal solution for professionals on the move

This **waterproof computer case portable** is ideal for transporting computer equipment, electronic devices, confidential documents or diagnostic tools. It combines protection, mobility and organization in a durable format designed for intensive use.

Frequently asked questions

What's the point of the integrated organizer panel?

It provides structured storage for accessories and documents, while leaving the main compartment free for larger items.

Is this case suitable for frequent travel?

Yes, its watertight design, sturdy wheels and telescopic handle make it particularly suitable for travel and on-site operations.
