Waterproof carrying case Peli 1560SC

A waterproof case designed for photo and audiovisual configurations

The Peli **1560SC** is designed to transport and protect equipment used in the studio, on location or on technical trips. This **large-format waterproof case** is ideal for organizing cameras, lenses, video accessories, microphones, batteries, cables and other sensitive equipment.

Also in demand as a **shockproof photo case**, **waterproof audiovisual case**, **technical equipment transport case** or **professional hard case**, it combines high storage capacity, mobility and reinforced protection.

Optimized interior for equipment storage

This configuration incorporates an **organizer panel in the lid**, plus protective foam to hold equipment securely in place during transport.

The various compartments facilitate structured equipment storage and limit movement during transport. This organization is particularly appreciated when working in the field, filming or frequently transporting equipment between different sites.

Protection for demanding environments

Thanks to its **IP67** certification, this **waterproof protective case** effectively protects equipment against dust and temporary immersion in water in accordance with the conditions stipulated by this index.

Its rigid, shock-resistant shell resists impact, vibration and the stresses of regular transport. The **automatic pressure-balancing valve** also facilitates opening after variations in altitude or temperature.

Mobility designed for technical transport

Sturdy wheels and a **retractable telescopic handle** make this **professional carrying case** easy to move, even when loaded.

Its large interior volume makes it ideal for photographers, videographers, audiovisual technicians, content creators and professionals transporting fragile equipment requiring extra protection.

Benefits of the Peli 1560SC

- **Foam protection** to hold equipment in place
- **IP67 certification** against water and dust
- **Rigid shockproof shell**
- **Large interior volume**
- **Heavy-duty wheels** for frequent movement
- **Retractable telescopic handle**
- **Automatic pressure equalization valve**
- **Padlockable hasps**
- **Peli Limited Lifetime Warranty**

Frequently asked questions

What equipment can be carried in this configuration?

This case can carry cameras, lenses, video accessories, microphones, cables, batteries, electronics and other sensitive equipment requiring extra protection.

Why choose a case with foam and organizer?

The foam limits equipment movement during transport, while the organizer panel makes it easy to store accessories and small equipment.
