

copy of 200 ml saline solution bottle PLUM 4691

Plum Eyewash 0.9% Sodium Chloride is a sterile 0.9% sodium chloride solution, designed to provide first-aid eye care in the event of foreign bodies being thrown into the eyes. It relieves discomfort and prevents complications linked to impurities, dust, wood shavings or iron filings, offering a fast, effective response for eye safety.

Available in a practical, easy-to-carry 200 ml bottle, this solution is ideal for industrial environments, laboratories and first-aid kits. The product stands out for its ease of use, compatibility with eyepiece rinsing systems and reliability for professional use.

Product features

- **Sterile 0.9% sodium chloride solution:** Identical to the composition of human eye secretions, ensuring high tolerance and efficacy.
- **Effectiveness:** Effectively flushes out foreign bodies such as dust, wood shavings, iron filings, oils and solvents.
- **Ergonomic eyecups:** Ensure optimum liquid flow for effective eye washing.
- **Practical design:** 200 ml single-use bottle with an easy-to-open design for immediate use.
- **Shelf life:** 3.5 years.
- **CE mark:** Complies with current safety standards (MDD 93/42/EEC).
- **Bottles available:** Format for mobile use or for restocking first-aid stations.
- **Ready-to-use bottles:** Compact and easy to carry in pockets, first-aid kits or toolboxes.

Benefits and uses :

- **Immediate use:** Ready-to-use solution enables fast, effective first aid in the event of an accident.
- **Versatility:** Suitable for a wide range of situations, from industrial workstations to laboratories, healthcare environments and emergency vehicles.
- **Ease of application:** Easy to use, even by the injured person himself, with ergonomic eyecups for optimum cleaning.
- **Compliance and reliability:** compliant with current safety standards and designed for reliable use in emergency situations.

Plum Eyewash 0.9% Sodium Chloride is an indispensable solution for eye safety in many professional and industrial environments. Its 0.9% sodium chloride formula is ideally suited to removing foreign bodies and quickly relieving eye irritation. Thanks to its practical design, this product guarantees effective and reliable protection, while being easy to carry and use.
