

PELI™ L1 Mini Lamp Gift Set

The [Peli](#) mini LED flashlight with clip is designed for users looking for a highly compact, lightweight, and easy-to-carry flashlight. Its small size allows it to be stored in a pocket, a kit, a tool bag, or personal gear for quick access to supplemental lighting.

It runs on **4 LR44 alkaline batteries** and uses an **LED** light source that delivers **13 lumens**. Its beam is suitable for close-range inspections, visual checks, moving around in dark areas, or any situation requiring a small flashlight that's always on hand.

This product is sold **unboxed**: its **original packaging has been opened and then resealed properly**. The flashlight is supplied **without batteries**.

A compact mini flashlight with an attachment system

Thanks to its attachment system, this mini flashlight can be easily clipped or hooked onto a **keychain**, a kit, a response bag, or personal gear. This ensures it's quickly accessible for a visual check, patrol, inspection, or close-range operation.

Measuring just **6.7 cm** in length and weighing **26 g with batteries**, it stands out for its compact design. Its **corrosion-resistant polycarbonate** body is water-resistant, corrosion-resistant, and resistant to common chemicals, making it suitable for professional environments.
