Universelle Recyclable Emergency Kit for 10 to 20 People

The Universelle First Aid Kit for 10 to 20 people combines all the necessary supplies for routine first aid in a single package. It includes, among other items, bandages in various sizes, sterile gauze pads, adhesive bandages, protective gear, saline solution, and various other first-aid supplies.

Its **100% recyclable FSC-certified cardboard packaging** features a carrying handle and a wall mount. This allows it to be stored in a designated location while remaining easily transportable when needed.

A wall-mounted, portable storage unit

The **wall-mounted bracket** keeps the kit in a known and easily accessible location. Its handle makes it easy to move to the area where first aid is needed. Measuring **250 × 190 × 110 mm** and weighing **740 g**, it remains compact despite being designed to serve 10 to 20 people.

Adapt the equipment to the site’s risks

This kit covers **common first-aid needs**. Depending on the activity and risks present in the workplace, additional equipment may be necessary. The contents must also be checked regularly to replace used or expired supplies.
