Emergency lighting unit PELI™ 3310ELS

The Peli™ **3310ELS** emergency pack is much more than just a torch. Designed to cope with power outages, this multifunctional device combines the practicality of a stand-alone beacon light with the performance of a high-end torch. Thanks to its transparent, tamper-proof wall-mounted casing, it remains close at hand and ready for use at all times. Perfect for homes, offices or industrial sites, it guarantees optimum visibility and safety in emergency situations.

Features :

- **Light output:** 378 lumens.
- **Operating modes:** Continuous mode and flashing mode for signaling.
- **Fixing:** Supplied with transparent wall box and fixing screws.
- **Waterproofing:** IPX8 certified, submersible and intruder-proof.
- **Robustness:** Durable design, built to withstand demanding conditions.

Benefits :

- **Immediate visibility:** Its bright light and wall-mounting make it easy to locate in the dark.
- **Versatility:** Ideal for power cuts, rescue situations or emergency preparations.
- **Extreme reliability:** IPX8-certified waterproofing, perfect for damp or harsh environments.
- **Easy to use:** Wall-mounting included for quick, intuitive access.
- **Robust design:** durable and hard-wearing, suitable for both domestic and professional use.
- Battery life up to 202 hours in low mode.

The **Peli™ 3310ELS** emergency lighting set is the ideal solution for anyone who wants to be prepared for the unexpected. With its **378 lumens**, **convenient wall-mounting** and waterproof, photoluminescent design, it stands out as an indispensable tool for keeping you and those around you safe. Whether at home, in the office or in the field, this photoluminescent solution guarantees that you'll never be caught unprepared.
