Spare switch for RALS PELI™ 9430B-9430C-9435

Replacement switch for RALS 9435-9430-9460-9470

The RALS spotlight switch is an essential component for ensuring optimum operation of your portable lighting system. Compatible with several RALS floodlight models (9430, 9430B, 9430C, 9430SL, 9435, 9460 and 9470), this switch ensures reliable switching on and off, while offering an intuitive user interface.

Features :

- **Compatibility**: Suitable for RALS 9430, 9430B, 9430C, 9430SL, 9435, 9460 and 9470 floodlights.
- **LED indicators**: Clear display of on/off status and battery level.
- **Optimum protection**: Waterproof rubber membrane for water resistance.
- **Weight**: Ultra-light at just 20 grams.

Advantages of a RALS switch :

- **Ease of use**: Quick activation and intuitive visual indication.
- **Enhanced durability**: Waterproof protection against moisture and splashing water.
- **Extended compatibility**: Can be used with several RALS models, guaranteeing an effective replacement solution.

Application:

This switch is ideal for professionals and home users using RALS floodlights in demanding conditions. Whether on a building site, during rescue operations or outdoor exploration, it ensures optimum control of your portable lighting.

Choose the RALS switch to ensure safe, reliable operation of your headlamp. Designed to withstand harsh environments, it offers a high-performance, long-lasting solution. Order now to optimize your lighting equipment!
