

Cederroth eye wash case with 5 x 500 ml bottles

The Cederroth eyewash case (5 x 500 ml) is an essential piece of safety equipment for high-risk environments, particularly in industrial sectors, laboratories or workshops. This practical case makes it easy to carry and use emergency eyewash solutions for immediate rinsing in the event of accidental chemical splashes in the eyes. The model is designed to be easily transportable, ideal for mobile workers or those on the move to a healthcare facility.

This sturdy case is equipped with visible yellow clasps, enabling quick opening and easy handling of the bottles. Thanks to its wall bracket, it can be installed in a fixed location for easy access in emergency situations.

Features :

- **Capacity:** 5 x 500 ml Cederroth eyewash bottles
- **Case dimensions:** Width 430 mm x Height 318 mm x Depth 103 mm
- **Material:** Transparent case in hard, robust plastic
- **Closure:** Visible, sturdy, easy-to-open (side-slide) yellow clasps
- **Wall bracket:** Compatible with Cederroth wall bracket (part no. 51011041) for easy mounting
- **Handle:** Sturdy handle for easy, safe transport
- **Ease of use:** Spaced bottles for easy handling

Advantages :

1. **Easy, convenient transport:** Sturdy handle and lightweight design enable easy transport, even on the move.
2. **Enhanced visibility:** Visible yellow clasps make it easy to open the case quickly, even in stressful situations.
3. **Flexible installation:** the case can be wall-mounted using the dedicated wall bracket, providing fast, safe access in an emergency.
4. **Complete emergency solution:** Includes 5 x 500 ml bottles of Cederroth eyewash solution, ideal for immediate eye rinsing in the event of contact with irritating or hazardous substances.
5. **Durability:** The case is made of hard plastic, guaranteeing optimum protection of the eyewash bottles, while also being impact-resistant.

Use:

The Cederroth eyewash case is an ideal solution for environments where chemicals or irritating substances are used. It enables immediate response to an emergency situation by providing effective eye rinsing. Its portability is particularly advantageous for mobile workers, those on the move or in situations where transport to a hospital or health center is required. What's more, it can be installed in a fixed position to guarantee fast, convenient access at all times.

The **Cederroth eyewash case** (reference 51011042) is a reliable and practical piece of safety equipment for emergency response to chemical splashes. With its 5 x 500 ml bottles, robust design, easy transport thanks to its handle and wall-mounting option, it meets safety requirements in high-risk work environments. Make sure you're ready to react effectively in an emergency with this professional-grade case, offering safety and peace of mind in the workplace.
