Flashlight PELI™ 5000

The Peli™ 5000 torch is designed to deliver optimum lighting performance over short and long distances. Thanks to its variable beam technology, it lets you choose between a wide beam to illuminate a large work area and a concentrated beam for long-distance reach. Compact and equipped with a stainless steel clip, it's ideal for quick, convenient access anywhere.

Features:

- **Maximum brightness:** 223 Lumens
- **Beam range:** up to 72m
- **Modes:** 3 modes (Intense, Low, Flashing)
- **Battery type:** 2 AAA alkaline batteries (included)
- **Sturdy clip:** Stainless steel clip for easy attachment to pockets or other tight spaces
- **Battery level indicator:** lets you know how much charge is left at all times

Benefits :

- **Versatility:** Easily choose between a wide or concentrated beam depending on your needs.
- **Portability:** Its slim design and steel clip make it easy to carry and attach.
- **Extended battery life:** Thanks to the battery level indicator and its compact size, the torch is ready to accompany you for long periods.
- **Practical for all environments:** Its sturdiness and multiple lighting modes make it ideal for a variety of professional and personal uses.

Uses:

The Peli™ 5000 torch is ideal for outdoor activities, emergency situations, professional inspections or for home use. It's perfect for any user looking for a reliable solution for illuminating large areas or focusing a light beam over longer distances.

Compact, robust and equipped with variable beam technology, the Peli™ 5000 torch is the ideal tool for those seeking a powerful, portable light source for a variety of applications. Reliable, practical lighting at your fingertips!
