- **Materials**: tough imitation leather or ballistic nylon
- **Closures**: sturdy nylon zips
- **Integrated compartments**:

  - 1 large document pocket
  - 1 pen holder
  - 1 phone compartment portable
  - 1 business card holder
  - Several pockets for miscellaneous accessories

- **Minimum order**: 40 units
- **Compatibility**:

  - **1490 Protector Laptop Case**
  - **1490CC1 Protector Laptop Case**
  - **1490CC2 Protector Laptop Case**

Benefits :

- **Optimal organization**: every item has its place, so you can work more efficiently every day.
- **Versatility**: suitable for office tools as well as technical or electronic accessories.
- **Professional appearance**: premium materials for a sleek, modern look.
- **Durability**: designed to withstand intensive use and demanding transport conditions.
- **Easy installation**: attaches directly to the inner lid of the case.

Use:

This lid pouch is ideal for :

- Professionals on the move with their computer portable
- Technicians, consultants or sales agents needing quick access to documents, tools or accessories
- Storage of small essentials: pens, cards, chargers, phones, etc.

Suitable for all situations where mobile organization is key, this solution optimizes the interior of your **1490 Protector** case.

The **Case 1490 attache case cover** is the essential accessory for transforming the interior of your case into a well-organized **mobile workstation**. Sold in **packs of 40**, it's ideal for companies, distributors or public authorities wishing to equip several employees with a reliable, practical and elegant solution.
