

3-piece foam for Peli™ 1500 case

3-piece foam kit for suitcase 1500 - Interior customization kit

Optimize the protection of your sensitive equipment with this **3-piece foam kit compatible with the 1500 Protector case**. This simple, practical system allows you to **customize the interior of your case** independently, without the need for special tools. Thanks to its ingenious pre-cut foam design, this kit offers a tailor-made solution, ideal for professionals and private individuals alike wishing to transport fragile equipment in complete safety.

Features :

- **Compatibility:** 1500 Protector suitcase
- **Material:** High-density polyurethane
- **Easy to cut:** Foams pre-cut into small cubes for a precise fit
- **Kit composition:**

1 polyurethane convoluted lid foam - 4.4 cm

1 pre-cut Pick N Pluck polyurethane base foam - 8.6 cm (1.27 cm x 1.27 cm cubes)

1 solid polyurethane bottom foam - 1.9 cm

Benefits

- **Optimum protection:** Absorbs shocks and protects your equipment from vibrations and impacts during transport.
- **Quick installation:** No tools required - just place, mark and remove foam cubes.
- **Total customization:** Adapt the foam to the exact shape of your equipment.
- **Durability:** Made of resistant foam for long life.
- **Space-saving:** Optimizes case interior layout while maintaining a secure hold.

Use

1. **Place your equipment** on the pre-cut foam.
2. **Trace the outline** with tape or chalk.

3. **Remove the foam cubes** by hand, following the contours.
4. **Leave a margin of at least 2.5 cm (1 inch)** between the object and the case walls for optimum protection.
5. **Insert the foam layers** into the case: solid foam at the bottom, cut foam in the middle, convoluted foam in the lid.

The **3-piece foam kit for suitcase 1500** is the ideal solution for those looking for **security, simplicity and customization**. Whether you're carrying electronic, photographic, scientific or other equipment, this tailor-made foam provides effective protection for your valuables. Give your equipment the security it deserves with this intelligent, easy-to-use cushioning system.
