

Waterproof case PELI™ iM2200 Storm

The **Peli™ Storm case** embodies the excellence of the Peli™ brand, offering unrivalled ruggedness to protect your valuable equipment. Designed to withstand the most extreme conditions, it features the legendary DNA of the **Peli Protector case**, with a key innovation: its unique push-pull latch, which locks automatically but opens with a light touch. Made in the USA, this suitcase is equipped with the finest components to guarantee optimum protection.

Features :

- **Unique push/pull latch:** Locks automatically and opens easily with a light touch.
- **HPX® resin:** Ultra-resistant material offering superior protection against shocks, impacts and harsh conditions.
- **Perfectly watertight:** Designed to be **watertight**, dustproof and seep-proof, ensuring the safety of your belongings even in hostile environments.
- **Soft-grip handles:** Double-layer, ergonomic handles for easy, comfortable carrying.
- **Vortex® valve:** Provides automatic pressure equalization for use at altitude or during rapid temperature changes.
- **Padlockable latches:** Equipped with two hasps to secure your belongings with padlocks.
- **Reinforced hinges:** Sturdy and durable for flawless opening and closing.
- **Lifetime warranty:** The Peli™ Storm suitcase comes with a lifetime warranty, a guarantee of quality and durability.

Advantages:

1. **Optimum protection:** With its waterproof, shockproof and dustproof design, the Peli™ Storm suitcase effectively protects your sensitive items, whether electronic equipment, photographic equipment or professional tools.
2. **Ease of use:** its unique push-and-pull latch ensures quick and easy opening, while offering automatic locking for added security.
3. **Tough as nails:** HPX® resin and robust hinges guarantee exceptional durability, even in extreme weather conditions.
4. **Enhanced security:** Dual padlockable hasps offer a secure way to protect your belongings from theft or unauthorized handling.

5. **Convenience:** Soft-grip handles and the Vortex® valve facilitate transport and ensure convenient use when traveling or on business.

Use:

The **Peli™ Storm** case is ideal for professionals or adventurers who need maximum protection for their equipment in extreme environments. Whether you're a photographer, engineer, soldier or outdoor sports enthusiast, this case will meet your needs for security, strength and practicality. It's also perfect for any traveler with sensitive equipment to carry (cameras, measuring instruments, drones, etc.).

The **Peli™ Storm** case is a must-have product for those looking for reliable, durable and easy-to-use protection. Its innovative design and top-of-the-range materials make it an ideal solution for protecting your most valuable possessions in harsh conditions. With its lifetime warranty, you can be sure that the Peli™ Storm will be an ally of choice for your future trips or missions.
