

4-piece foam for Peli™ 1550 case

4-piece foam kit for Peli 1550 case - Tailor-made protection for your equipment

Effectively protect your equipment with this **4-piece foam kit compatible with the 1550 suitcase**. Designed to offer optimum protection and simple customization, this pre-cut foam kit lets you perfectly adapt the interior of your case to your specific needs.

Thanks to its clever **Pick N Pluck** pre-cut honeycomb foam design, you can create custom compartments in minutes, without the need for tools or special skills. It's the ideal solution for image professionals, technicians, travelers or any user wishing to transport their equipment safely.

Technical specifications

- **Compatibility:** Protective case 1550 ([Peli](#) or equivalent)
- **Number of pieces:** 4
- **Material:** High-density polyurethane foam
- **Total thickness:** Approx. 19.1 cm
- **Kit composition:**

(1) Convoluted polyurethane foam - 4.4 cm (for lid)

(2) Pre-cut Pick N Pluck polyurethane foam - 6.4 cm each
(1.27 x 1.27 cm pre-cubes for easy cutting)

(1) Solid polyurethane base foam - 1.9 cm (for case base)

Benefits

- **Quick and easy customization:** Pick N Pluck foam can be removed by hand, without tools.
- **Reinforced protection:** absorbs shocks and vibrations to protect your valuables.
- **Intuitive installation:** simply place, mark and remove the cubes.
- **Modular at will:** suitable for a wide variety of equipment (cameras, drones, measuring instruments, etc.)
- **Professional quality:** resistant, durable foam conforms to carrying case standards.

Use

1. **Place your equipment** on the pre-cut foam.
2. **Trace the desired shape** with chalk or tape.
3. **Detach the necessary cubes** to create a perfectly fitting housing.
4. **Insert the foam into your suitcase**: the lid, customized base and bottom foam ensure optimum protection.

Tip: always leave at least 2.5 cm (1 inch) of space between your equipment and the case walls for maximum safety.

The **4-piece foam kit for suitcase 1550** is the ideal solution for securing and organizing your equipment with ease. Whether you're a photographer, technician, videographer or traveler, this foam guarantees **tailor-made protection that's quick to install and long-lasting**.
