Peli iM2950 waterproof carrying case

The Peli™ **Storm case** embodies excellence in protection and ruggedness with the legendary DNA of **Peli Protector** cases. Designed to offer maximum security for your most valuable equipment, the Peli™ Storm case features an **innovative locking system** with a unique push-pull latch, which locks automatically and can be opened with a simple push. Perfect for professionals and adventurers alike, it combines foolproof waterproofing, resistance to extreme conditions and unrivalled practicality.

Features :

- **Unique push-pull latch**: The latch system locks automatically for optimum security, and opens easily with a light touch, offering fast, efficient convenience.
- **Five push-pull latches**: These latches offer enhanced security yet remain easy to use, keeping the case closed even in extreme conditions.
- **Two double-layer soft-grip handles**: Offering a comfortable, ergonomic grip, these handles enable easy handling of the suitcase, even when it's heavy.
- **Two padlockable hasps**: These hasps allow you to add a padlock to reinforce the security of your belongings.
- **Heavy-duty hinges**: The hinges are designed to resist impact and torsion, ensuring maximum suitcase durability.
- **O-ring seal**: This rubber seal ensures the suitcase is watertight, protecting its contents from dust, water and other external elements.

Advantages :

- **Maximum security**: Thanks to its advanced locking system and padlockable hasps, the Peli™ Storm provides seamless protection against theft and the elements.
- **Ease of use**: The unique push/pull latch makes it easy to open and close, while offering added security. Soft-grip handles also ensure comfortable carrying.
- **Exceptional durability**: Built to withstand extreme conditions, the Peli™ Storm is rugged, waterproof and dustproof, making it an ideal choice for professionals and adventurers alike.
- **Practical design**: sturdy hinges and an O-ring seal ensure the case's longevity, even after heavy use, while maintaining its watertightness and resistance to the elements.

Uses:

The **Peli™ Storm** case is ideal for people who need to carry sensitive equipment in harsh conditions. It's perfectly

suited for professional photographers, technicians, adventurers, the military or anyone who needs to protect their equipment from shock, moisture and dust. What's more, it can be used to transport electronic devices, specialized tools, sensitive documents, or even precious objects requiring extra protection.

The **Peli™ Storm case** is the perfect solution for those looking for a reliable, robust and secure case. Its innovative locking system, resistance to extreme conditions and practical design make it a must-have choice for professionals and adventurers alike. With the Peli™ Storm, you can rest assured that your equipment will be protected in the most demanding situations.
