

29-liter first aid bag with 4 kits

This first-aid bag for medical equipment is a model designed for health professionals, first-aiders or private individuals who want to be ready in the event of an emergency. This emergency bag features a full zipper opening for quick and easy access to all necessary medical equipment. It features a rigid design that protects the equipment inside, as well as four removable, padded interior pockets in different colors, for optimum organization of first-aid products. These kits also feature an interior mesh pocket for additional storage. Practical and secure, this first-aid bag features an identification card holder, ideal for easy identification of equipment or people in emergency situations. Its rigid handle ensures a comfortable grip and easy transport, even on frequent trips.

Features :

- **Opening:** high-quality zipper (YKK®), allowing full opening for quick and easy access.
- **Outer material:** tough Cordura®, offering high durability and abrasion resistance.
- **Inner material:** Polyamide, guaranteeing lightness and robustness.
- **Interior pockets:** 4 removable, padded pockets of various sizes (23 x 17 x 10 cm) for structured gear storage.
- **Mesh pocket:** an interior mesh pocket for additional storage.
- **Identification card holder:** for quick and easy identification of kit or contents.
- **Reflective tape:** Reflexite® for enhanced visibility, even in low-light conditions.
- **Dimensions:** 48 x 28 x 18 cm.
- **Weight:** 2.1 kg.

Advantages :

1. **Optimized organization:** Four removable cases make it easy to color-code items according to category or frequency of use.
2. **Durability:** Thanks to its Cordura® outer material, this emergency bag is designed to withstand the most extreme conditions, offering enhanced longevity.
3. **Enhanced visibility:** Reflexite® retro-reflective tape ensures optimum visibility, even in low light or at night.
4. **Easy transport:** The rigid handle allows the bag to be carried comfortably, ideal for quick interventions or when on the move.
5. **Quick access:** Full zipper opening and removable pockets make access to medical equipment faster and more convenient in emergency situations.

Use:

This emergency response bag is perfectly suited to the needs of healthcare professionals, first-aiders, firefighters or anyone needing to keep a medical kit close at hand in case of need. It is also recommended for travel or outdoor activities, where rapid medical attention may be required. Thanks to its functional design and organized storage, it provides an efficient response to emergencies, while making it easy to transport equipment.

This emergency bag is ideal for medical equipment and is an essential accessory for anyone wishing to be prepared in the event of an emergency situation. Its sturdy design, practical storage and easy transport system make it a perfect choice for professionals and private individuals alike. With its quality materials, improved visibility and smart storage pockets, this first-aid bag is an essential tool to ensure a quick and efficient response, wherever you are.
